UNIVERSAL PATCH UP

Universal patches (UP) for the repair of small injuries to tube or tubeless radial and cross-ply tyres.

UNIVERSAL PATCH UP

Benefits

- Universal application for diagonal and radial tires up to 12 mm damage size in the tread area (sidewall repairs only for cross-ply diagonal tires)
- Repaired tyres can be mounted immediately after patch installation
- Expanded product line with 6 dimensions from UP 3 to UP12
- No installation direction required
- In conjunction with REMASTEM an optimal repair method in cold vulcanization process
- Use with Special Cement BL or Fast Dry Cement BL
